**DUBOIS DINER has joined our program with a 10% contribution**

The DuBois Diner was established by Sean and Lisa Garred & Family in 2006. The concept comes from their desire to serve and interact with the larger community in the atmosphere of the family dinner table.

DINERS are for everyone, timeless and adding interaction is encouraged. They put great attention into the traditional DINER CAR look and signature menu adding ice creams and desserts. They hope you enjoy their collection of the best DINER features from history while incorporating more modern comforts as well.

Garrad's have a large family. They also wanted a place that families could all go for dinner that has quality food at affordable prices. They have home-style take-out dinners for families "on the run".

They enjoy weather permitting car-hops, outdoor seating and entertaining events.

They also have a second floor "DuBois Banquet Room" that seats up to 70 by reservation.

**Keep posted for the upcoming changes to the DCS website for the latest information and specials with the Scrip Program.**
